Pooled Funds for Plunge Near \$4,000

Service Club Hears Report

Around the Square

Anyone who wanted Don Jackson's personal assistance in selection of a tie or a pair of slacks last week either didn't find him at all or found him red-eyed from forest fire smoke and lack of sleep.

His appointment had just come through as one of the state's 52 Voluntary Fire Wardens and his badge was just four days old when the Chalao fire broke out. From then on, within a period of five days he was on duty a total of 105 hours helping control the Chalao and Duarte fires, then the Los Padre fire near Santa Barbara.

Jackson's appointment was based on his keen interest in fire prevention and forest conservation and his frequent hunting trips which place him in a position to observe forest and fire law violations in the Sierra Madre area, an area which concerns the U. S. Forest Service.

Linotype operators aren't all as cooperative as ours is but even he threw in the towel last week.

A contributor's copy got past us with the word for annoying little insects spelled "knats." Proof came through "knats?" ... gnats? ... nats? ... Nutz!"

Ten-year-old Sierra Madre boy, getting the first sounds from his newly-compiled crystal set, dashed in to tell his dad ... "Boyoboy, it's neat. I get static just like a real radio!"

From where we sit this looks like Sierra Madre Pet Week. Bulletins inform us that Anonymous has lost a Siamese cat (been referred to Mrs. Leo Meyer). Dr. Mary Groth's pet white dove has turned up on the Missing Birds list, along with one lost parakeet and one found parakeet (but we don't know whether the latter cancel each other out). A lost Tabby wandered home finally but a pug dog still is lost. Pet turtle with hole in shell has been found and tied up.

And a former colleague is advertising for a good home for an "exceptional kitten!"

Mrs. Milo Johnson, 186 Mariposa, who has been a shopper in the Square since moving here in November, says her husband can "shop" for her at auctions anytime the mood strikes him.

His first and only auction expedition to date took him to a storage warehouse tea in Beverly Hills and for \$42 he acquired, sight unseen, a crated cedar chest which turned out to be filled to the lid with linens and clothing in excellent condition and worth several hundred dollars at the very least, Mrs. Johnson says.

Some of the cut velvet tea gowns aren't exactly her "type." Mrs. Johnson observes, but her little niece, Cindy Robinson, has a wonderful time dressing up in them.

Included in the contents were dozens of hand-monogrammed Turn to page 10

Lions to Hear Lamb

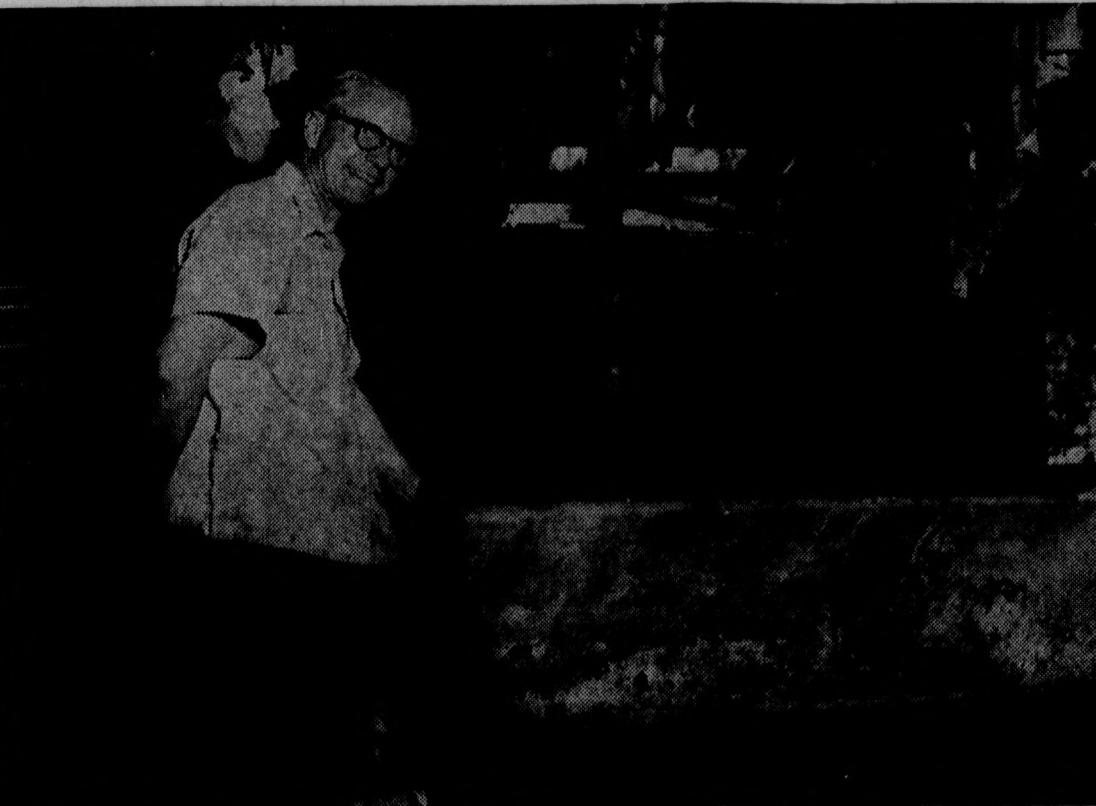

Lawrence C. Lamb, past president of the Pasadena Lions Club and present zone chairman for the organization, will be the speaker tonight at a meeting of the Sierra Madre Lions Club at 7:15 in the Woman's clubhouse. In addition to being the principal speaker Lamb will conduct a new member induction ceremony. He has had a perfect attendance record for 12 years.

DAN ANDERSON HOME AFTER OPERATION

Dan H. Anderson, teenage son of Mr. and Mrs. Earl Anderson, 354 N. Lima, is convalescing at home following a recent emergency appendectomy which he underwent at St. Luke Hospital.

L. C. LAMB

Mayfield and Bargain Bathtub

Available facts showing progress in the local campaign for funds for a community swimming pool were presented to members of the Lions Club by Judge John C. Mead at a meeting July 9.

Judge Mead, chairman of the pool waste paper drive and director in the Sierra Madre Swimming Pool Ass'n, estimated the present balance to be in the neighborhood of \$4000. The association, trustee for the swimming pool fund, will meet the night of July 21 to evaluate progress to date and consolidate plans for continuation of the fund-raising effort, Mead said.

David Allen, treasurer of the Swimming Pool Ass'n, has stated that money deposited in the Swimming Pool account to date totals \$692.

Other proceeds publicly earmarked for the swimming pool are as follows:

Kick-off dinner sponsored by the City Recreation Commission, \$828; Community Breakfast, \$364; combined P.T.A.'s booth at Foothill Fair, \$660; Lions booth at the Fair, \$89; VFW booth at the Fair, \$72; Lions contingent donation of \$1000 provided construction begins in November; and paper drive proceeds, \$300.

The \$692 on deposit with the swimming pool fund trustees includes \$435 from the P.T.A. carnival last fall, \$100 received by Ralph M. Welch for selling winning Honolulu trip ticket; \$150 from the Kiwanis Club booth at the Fair, and other purchases at the auction,

but when he saw the tub emptied of old magazines dating back for 40 years, he settled for a closet door with an "interesting" latch!

The City School owns the Davis house and property now and when the site is cleared will use part of the property for a playground.

The house, in which the aged

and nearly-blind Miss Davis lived until less than a year ago with chickens and animals, is utterly decrepit and might collapse at the very sight of a bulldozer. The sun shines through between its brown old bones and remains of wallpaper hang in forlorn shreds. Floors are littered with magazines, papers, bottles, cans and old clothing.

SCHOOL BOND ISSUE SOLD TO SECURITY FIRST NATIONAL

The Los Angeles County Board of Supervisors, meeting Tuesday, authorized sale of the Sierra Madre City School's 25-year, \$242,000 bond issue to Security First National Bank of Los Angeles at an interest rate of three and a half per cent.

Expressing satisfaction with the interest rate, Supt. of Schools Charles A. Skutt, who attended the supervisors meeting with Mrs. Stanley Coutant, school board clerk, stated that of the four school district bond issues sold that day, Sierra Madre received the lowest rate of interest.

Next step towards building of the City school addition at Canyon and Highland will be application through the City Planning Commission for rezoning of the site.

Approval of the site by the State Board of Education will be forthcoming within a few days, Skutt says. The engineers' survey is in the hands of the architects and it is estimated that construction will begin early in November.

Local Men On Jamboree Regional Staff

Frank Wright and Rep. Barrett of Sierra Madre, members of the National Council of the Boy Scouts of America, also are serving on the Regional Staff for the Jamboree which opens officially tomorrow.

But the two Sierra Madre men have been hard at work at the Irvine Ranch Jamboree encampment site, since July 10, when Barrett, local landscape gardener, transported a truck-load of shrubbery to be transplanted at the San Gabriel Valley Section 1 entrance. The shrubbery was donated by the Coolidge Nurseries, owned by Jerome & Mulvihill of Sierra Madre.

The shrubs, together with a lawn which Barrett put in, will do much to make the Section 1 entrance outstanding.

Barrett will stay on for a full two weeks working on the commissary staff and Wright in the staff mess hall. When the Boy Scouts break camp on the 23rd, these men will not be returning home, tired but happy, but will stay on for another three days faced with their share of the dismantling job.

Pre-Race Parade For Soap-Boxers

Soap Box Derby entries from the entire Pasadena area will participate in a pre-race motorized parade Saturday from Pasadena to the official Derby Hill in Arroyo Seco Park, according to Larry Thon, chairman. About a half-dozen Sierra Madre boys will participate as well as race on July 23 in their home-built cars.

The parade of decorated pick-up trucks and trailers carrying the junior racers will form at 12:15 p.m. Saturday at Mar Vista St. between Colorado and Walnut in Pasadena. Starting time is 1 p.m.

The parade route is as follows: West on Colorado to Orange Grove to the Freeway; right on Freeway to Avenue 52 and left to the official Soap Box Derby Hill.

Sierra Madre boys still "in the running," and their sponsors, are: Dennis Wilson, Lions Club; Pete Ward, Sierra Madre News; Dick Johnson, Wistaria Cab Co.; Mike Dewey, McKibben Furniture; Richard Dewey, William Underwood; R. H. Smith, Sierra Madre Hardware; Peter Stine, Arnold's Hardware. Also, still posted with Thon as contenders are Bill Younke and Gerry Pickett.

Red Cross Swim Classes Start July 21

The Red Cross Swim campaign and water safety program will be inaugurated again this year at the Canyon Pool with the first of two consecutive courses scheduled to begin Tuesday, July 21, under the supervision of Audrey Smith. The second course will begin August 11.

Instructions to children over 7 years of age and to adults, including non-swimmers, beginners, intermediates and swimmers will be given on weekdays, except Mondays, from 9 a.m. to 12 o'clock noon.

Registrations will be taken the first day of each of the two sessions. Mrs. Smith says that those desiring to do so may attend both sessions. There is no charge for the instruction and no pool fee for those registering for the classes.

Red Cross Life-Saving instruction will be given by Mrs.

Turn to page ten

ON WCTU PROGRAM

REDD HARPER, above, singer, and guitarist, known to radio, TV and record fans as "Mr. Texas" and also a favorite of western movie audiences, will be a star performer here the night of July 23 at a program being presented by the Harter chapter, Women's Christian Temperance Union, in the City School auditorium. Admission is free and open to the public.

Inchon Described

Holy Name Hears Chaplain, Plans Annual Parish Picnic

A first hand description of the arrival of the California National Guard 40th Division on Inchon in Korea in January, 1952, was given 50 members of St. Rita's Holy Name Society Monday night by a guest speaker, Father Albert J. Duggan of St. Frances Church in Azusa.

Father Duggan, who served as chaplain with the 223rd Infantry Regiment in Japan and Korea, spoke on "American Forces in the Orient."

Beyond Description

"No words of mine," he said, "could do more than suggest the utter desolation of that land of bleak hills and valleys."

"It is difficult, really difficult, for the American soldier to convince himself that if he

weren't fighting for his country in that God-forsaken place, he might be fighting for the shores of Japan or, worse still, on the shores of California."

Plan Parish Picnic

During the business session of the Holy Name Society, last one for the summer, according to L. M. McGinnis, president, plans were advanced for the second annual St. Rita's parish picnic to be held all day July 26 at San Dimas Park.

McGinnis will serve as general chairman assisted by the following committee chairmen: Arthur Garceau, refreshments; William Hayes, entertainment; William Maloney, arrangements; Robert Orf, adult entertainment; James Burke, small fry fun, and W. R. Sidenfaden, cleanup.

Council Bows to Heat, Holds Speedy Session

BAND GOES TO FAIR

The Sierra Madre Concert Band, which is making quite a name for itself, will perform Sept. 24 at the Los Angeles County Fair at Pomona by special invitation of the Fair authorities.

Acceptance of the invitation was approved by the City Council Tuesday night, incidental to which Councilman Charles James said:

"Sierra Madre might well be proud of this fine group of musicians."

The band is sponsored by the City Recreation Commission. Marie Oliva is director.

Gives Nod To Library's Plan for Title Clearance, First Step Toward Building

The City's councilmen, in a hot-weather, white-shirt-sleeve session, first of the new fiscal year, set a record for brevity Tuesday night, disposing of items on the agenda in a streamlined 30 minutes. They were able to do this because the pre-council meeting the night before continued to midnight.

Will Guarantee Title

Vannier pointed out that the Title Insurance and Trust company will accept this as a valid transaction and guarantee title.

He also stated that the Library trustees have been able to obtain this conditional settlement only after long negotiation.

Accountant Hired

The City Council Tuesday night, also hired at a monthly salary of \$350 an accountant, Ronald E. Castor of Pasadena, Certified Public Accountant, who has held 11 years experience with Lybrand Ross Bros. and Montgomery and Price Waterhouse.

A petition for resurfacing and improving Ramona Ave., between Park and Lima, submitted by 20 residents of that block, was ordered returned to the petitioners to be submitted on the form approved by the City Attorney.

Highland Ave. Completed

Completion of work on Highland Ave. was accepted and final payment for that work will be made to Warren Southwest, Inc., general contractors, within 35 days.

The second and final reading of the ordinance reclassifying as C-1 the site of the new Groth Medical Center was accepted. A portion of the property had been classified as R-1.

Past Grand Master Guest of Masons

Kenneth Woods of Michilinda Park, past grand master of the Grand Masonic Lodge of Colorado, was "distinguished visitor of the evening" at the regular monthly meeting of the Sierra Madre Masonic Lodge Tuesday, July 14.

Mr. Woods was present to confer the master degree on his lifelong friend, Millard C. Wentz of Arcadia, who joined the local lodge as of that evening. Woods and Wentz first became acquainted in Trinidad.

Library Board's Decision

Mayor Henry R. Heasley reported that this choice continues to be at the discretion of the Library board, explaining that the council and City Attorney T. Guy Cronyn merely considered and found no legal objections to the proposed exchange of deeds to the present site.

The deed of gift for the present site, dating back to 1887, stipulates that the site, or proceeds of any sale thereof must be used for library purposes forever.

The "forever" clause precludes the acceptance by a public body of title to the property. Therefore, trustees for the heir of the original donor, said trustees being Miss Elizabeth Steinberger, Harvey Steinberger

McGinnises Back From Trip to High Sierras

L. M. McGinnis and Mrs. McGinnis, 381 Mountain Trail, returned home recently from a 10-day pack and camping trip in the High Sierras.

They left their car at Mineral

King, highest terminal point, and proceeded to the ice-locked and snow swept Mosquito Lakes region. A third member of their party was their Dachshund.

Sgt. 1-C Miles Allen Visits Sierra Madre

Sgt. 1/C and Mrs. Miles Allen of Knoxville, Tenn., are visiting Sgt. Allen's mother, Mrs. L. B. Allen, and grandfather, M. S. Huntoon, 169 E. Laurel.

Accompanying the Allens on their visit are friends, Mr. and Mrs. Fred Bayles of Nashville, Tenn.

Sergeant Allen has been in the service since 1942 and saw action as a paratrooper with the 101st Airborne Division in Europe. He was wounded in Korea and since his discharge from the hospital in 1951 has been an instructor in Tennessee.

Earl Jupiter, S. F., on arrest for counterfeiting—"I had to make some dough—so I did."

For their convenience in reaching the campsite the Automobile Club of Southern California has provided the above maps and recommends use of the inland routes rather than the Coast Highway which is normally jammed at this time of year by summer travelers.

A local man advises Sierra Madreans to enter the camp ground at Gate 1 (see upper portion of map at right) for easier access to Section 1, the San Gabriel Valley's section.

Auto Club Advises These Routes To Jamboree

HUNDREDS OF BOY SCOUTS in the Mt. Wilson district, which includes Sierra Madre, and their families will be attending many of the National Jamboree events at the encampment July 17-23 at the Irvine Ranch, near Corona del Mar.

For their convenience in reaching the campsite the Automobile Club of Southern California has provided the above maps and recommends use of the inland routes rather than the Coast Highway which is normally jammed at this time of year by summer travelers.

A local man advises Sierra Madreans to enter the camp ground at Gate 1 (see upper portion of map at right) for easier access to Section 1, the San Gabriel Valley's section.

AAUW Group Attends L.A. Workshop, Plan Fellowship Garden Party in Fall

Mrs. C. W. Hartman of Sierra Madre, member of the executive board of the Arcadia branch, American Ass'n of University Women, was included in a delegation from the branch, headed by Mrs. Harold Sexsmith of Arcadia, president, which Saturday attended a summer workshop program of the Los Angeles branch.

The program featured information on the development of visual education via television and Dr. William Sener of the Hancock Foundation of USC was the speaker. He told of plans for the new non-profit TV Channel 28 which will make its debut in about three weeks and will be devoted solely to educational programs.

Committee at Luncheon

Mrs. Clark White, fellowship-scholarship chairman of the Arcadia branch, recently entertained members of her committee at luncheon in her Arcadia home and chief among plans for the year made at that time was a discussion of the fellowship fund-raising garden party slated for October.

These fellowship programs enable the local AAUW branch to extend research fellowships to gifted women students thus providing the necessary means to train for first-rate scholarly work.

International Grants

In addition they furnish international grants to bring women of other countries to the United States to study in preparation for needed service in their own lands. This provides an international exchange of ideas and observation which would otherwise be impossible.

Last year, Dr. Erika Vintense of Kiel, Germany, one of two women in the world with a doctorate in astrophysics, was the fellowship student entertained by the Arcadia chapter. Dr. Vintense's name grant fellowship was sponsored by the joint AAUW branches of Ar-

cadia, El Monte and Alhambra.

The committee also handles local scholarship endeavors. On the committee are Mrs. Rex W. Kramer, Mrs. Orval Lewis, Mrs. H. L. Malone, Mrs. David Thomas and Miss Ruth Lang.

Recreation Director Takes Kids Swimming Two Days a Week

Noting that attendance at the recreation program in City Park is heaviest on Tuesday and Thursday afternoons, the "going swimming" days, Philip Mitchell, director, announces that the school bus which transports boys and girls to Wagner's pool in Pasadena, can make two trips if those interested let him know by 11 a.m. on those days.

Children over seven years of age may join the group by themselves but younger children must be accompanied by their mothers or other adults.

Generally there is room for a few mothers in the bus, Mitchell says, but if those interested let him know by 11 a.m. on those days.

The bus leaves the park at 1:15 on Tuesdays and Thursdays and usually is back by 3 p.m.

Mornings at the park are devoted to craft instructions and afternoons to games and other sports, under supervision.

Morning and afternoon attendances tabulated by Mitchell from July 2 through July 10, have been as follows: 59-39; 37-53; 41-19; 53-51; 49-23; 57-41; 53-39.

STERLING RIPPLES RETURN FROM VACATION

Mr. and Mrs. Sterling Ripple and children, Susan and Kenneth, 193 W. Sierra Madre Boulevard, returned recently from a 10-day vacation trip to Northern California.

They visited Mr. Ripple's parents, Mr. and Mrs. True Ripple, in Gridley, and also stopped at Lake Tahoe.

Sierra Madreans Attend Arts, Letters Group Garden Party

A number of Sierra Madre members of the Pasadena chapter, National Arts and Letters Society, attended a garden party Saturday, July 11, at the Pasadena home of Louise Ward Watkins.

Attending from here were Mrs. Mabel Grill, Mrs. Ella Nourse, Mrs. Cambridge M. Lupfer, Miss Grace Webber, Mrs. Albert Paus, Mrs. Lucy Marquardt, Mrs. Frances Yeckley, Mrs. Edie Seager and Mrs. Alice Sedgman.

During a brief business session Mrs. Marquardt was elected treasurer of the Pasadena chapter replacing Mrs. Kay Woodruff, who resigned.

Here's a Cooler: Explorers Tell of Trek Through High Sierra Snows, Ice-Fishing

By HERMAN OHS

Advisor, Explorer Post 31

Boy Scouts of America

A climb to 11,125 feet over Donahue Pass in the High Sierras through from two to three feet of snow was just one of the recent experiences of six members of Explorer Post 31.

The boys, namely Charlie Ascher, Tarb Draeger, Rich Drury, Rick Hobson, Steve Metzger and Court Shropshire, accompanied by Arthur Draeger and myself, the advisor, left Sierra Madre June 27 at 5 a.m. and returned July 5.

Gives Itinerary

The trip itinerary was as follows: Saturday, drive to Tuolumne Meadows, Yosemite Park, and camped overnight; Sunday, had 9.5 mile hike from the meadows 9400 feet elevation, to Lyell Base Camp; Monday, had 6.9 mile TRUDGE from Lyell Camp over Donahue Pass (this separating the men from the boys . . . the latter getting two hours ahead of us!) to Rush Creek Camp; Wednesday noon, started over Island

Pass, 10,740 feet, to Thousand Island Lake and on to Garnet Lake, a distance of 67 miles.

It was planned to do some real fishing at these lakes but six to eight inches of ice covered both. Even so Ascher caught the largest "speckled" at Thousand Island. This pass also covered with snow.

Take a Short Cut

Thursday—due to ice conditions a trip to Shadow Lake was omitted and we took a short cut over a snow slide to Agnew Pass trail at 9976 feet and on to Gem Lake for six miles more; Friday, camped at Gem Lake with good fishing at Rush Creek, Shropshire getting the limit with "home grown" bait.

Saturday, broke camp at noon and had a welcome down-hill pull of five miles to Silver Lake. Camped overnight at Gull Lake camp ground and returned home the following day.

Each Pack 35 Pounds

To summarize, we covered 36 miles, back-packing 35 pounds each. Had good fishing and only one minor "incident" . . . one of the boys fell in the Tuolumne river the first day.

The two adults MADE the grade but showed it!

Religious services appropriate to the locale were conducted in turn by Draeger and Ascher.

The boys expressed their appreciation to Mr. and Mrs. Brundt of June Lake, friends of their advisor, for having ferried our two cars from Yosemite back to June Lake, the end of our trek.

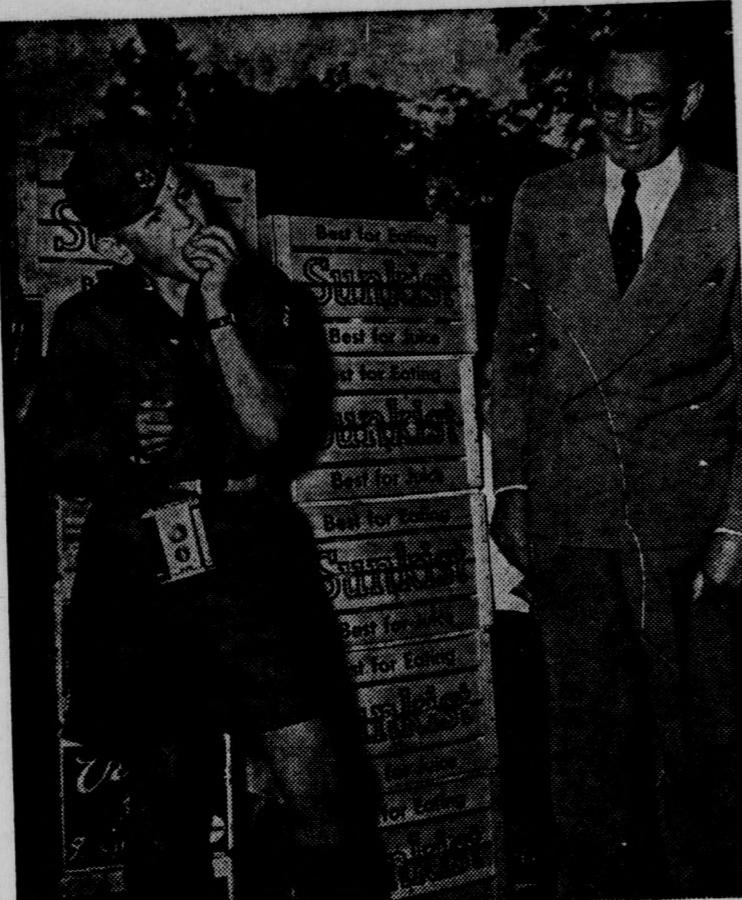

ALA Makes Plans For Coming Installation

Members of the American Legion auxiliary will meet tonight in the home of Mrs. William G. Hopper, 317 N. Auburn, at 8 o'clock, to discuss plans for the installation of their new officers.

The newly elected officers for the group are Mrs. Thelma Proctor, president; Mrs. Geraldine Welch, first vice-president; Mrs. Anne Williamson, second vice-president; Mrs. Cecilia Stinman, secretary, and Mrs. Edna Faller, treasurer.

CROWN CHANGES

The royal crown of England which now belongs to Elizabeth II, has passed through many modifications since the early days of Anglo-Saxon princes. At the Norman conquest, it was a circle of pearls set in gold; later it was elaborated into a radiated diadem.

Twelve year old Billy Lofgran of Glenwood, Washington was the first Scout to officially set foot in California when the vanguard of Jamboree Bound Scouts arrived by train in Puente Sunday morning. As a result, he won a year's supply of Sunkist oranges awarded by Clarence Blatz, manager of the North Whittier Heights Citrus Association.

FIRE FLAMES

The recent fires in the vicinity, combined with very hot dry weather has undoubtedly made many people fire conscious. The latter is very good, the thought of fire is unpleasant.

Despite all this, we had a fire call that looks very much as though someone got pretty careless. Only dry grass and bushes suffered—but there is always that possibility of what might have happened.

The early application of water through the good old standby garden hose and the cooperation of neighbors with their hoses provide great value in preventing the fire from spreading to nearby buildings.

Chalk up another winner for the garden hose and for people who know how to use them.

It is urgently urged by the fire department that all residents have a good reliable hose connected or ready for use at all times. We have concrete proof that much of Sierra Madre's good low fire record can be attributed to the early extinguishing of fires via garden hose. This is particularly applicable to those areas where the mountain growth edges the property.

Good fortune and good water supply at the fringe of the mountain brush has afforded us much good fire prevention. The recent flash of fire on the west ridge of the Canyon, when a cabin burned, was positive proof that water can do much in holding back brush fires.

Officials of the Southern Counties Gas Co. appeared before the members of the local fire department last Friday evening and gave an educational and beneficial demonstration and talks on gas and the ways and means of its transportation to the various areas. The entire meeting was for the education of firemen regarding what most matters to do before the arrival of the gas company men.

A feed was spread (by the Gas Co.) following the demonstrations and for this, the men of the department wish to offer appreciation.

Some of the boys ate so much of the good food that it made

a good excuse for a late arrival home.

It was easy to say, "I ate so much, I wasn't sleepy, so we started a card game down at the station."

Which was exactly true. It seems that Johnny Goodall has been hesitant about getting into these "Scrawny Lewey" games. It is now public news that he will not need to be coaxed again.

Bill Newberry is not too innocent, either. There are a number of so-called experts at this popular game such as Duff, Tyler, Clark, Deimer, Grippi, and a few others (who might object) that were given a lesson by Goodall. Mrs. Goodall can now look forward to a later rap on the door on "Firemen's Night."

Because we have been so very lucky to escape serious fire to date—it is not a smart policy to relax and permit ourselves to forget the importance of fire prevention. Prevention is the best and most profitable method of fire fighting. It's unfortunate that we do not have the full cooperation of ALL residents. Even today, at this age, we find very bad conditions in places. REMEMBER, it's the hot fire that is most difficult to battle and does the most damage. It takes fuel to make a hot fire. Eliminate the fuel by disposing of trash and accumulations of flammable materials.

—J.H.

Washamat Marks First Year in Sierra Madre

One year ago this week R.R. Semler opened the Washamat at 35 W. Montecito and to mark his first anniversary in Sierra Madre he is offering the services of the Washamat at half-price tomorrow . . . and expects to work the clock around.

Mr. Semler and his family live in Arcadia. They came to California from New Canaan, Conn., in 1935. Until a year ago Semler was western representative for a hair dressing manufacturer.

He has two daughters and a son. His oldest daughter, Marianne, a senior at Monrovia-Duarte High school, is making progress in the modeling field. Spotted and trained by William Adrian, she has made a number of TV appearances and her photograph appeared in an Eastman Kodak advertisement.

**It's Our
1st Anniversary**

In appreciation to our many customers for their patronage during the past year . . .

**Alfred Diebolds Visit
Mrs. Gladys G. Losie**

Mr. and Mrs. Alfred Diebold of Los Altos, Calif., and their son, Douglas, arrived in Sierra Madre today to spend ten days with Mrs. Diebold's mother, Mrs. Gladys G. Losie, 55 Monterey Lane.

A daughter, Leslie, has been visiting her grandmother for the past two weeks and will return to the northern city with her parents.

TROUT ANGLERS HAVE LUCK

Trot anglers working the streams of Alpine county have had some good luck, according to the National Automobile Club. Most anglers have been using bait.

WORLD FEDERALISTS SPONSOR MEETING

A discussion meeting for Sierra Madre - Monrovia - Arcadia residents interested in learning about the programs and objectives of the United World Federalists will be held from 7:45 to 10 p.m. Tuesday, July 21, at the home of Miss Julia Raymond, 1001 E. Lemon street, Monrovia.

A recording will be heard of a talk by Rev. Donald Harrington titled, "More Power to the United Nations: The Only Way to Peace." There will be a question and discussion period. Those planning to attend are asked to notify Mrs. Dorothy Phillips, EL 8-3825.

Among those from Sierra Madre who attended the first such meeting here were Mrs. Dorothy Phillips, EL 8-3825.

Advice Given on Hot Weather Comfort, Tips On Travel Safety and Wildlife Protection

Hot weather and summer vacation time has brought forth good advice and warnings from many sources, including the California State Highway Patrol, the State Department of Fish and Game, the National Automobile Club and the L. A. County Health Department.

Dr. Roy O. Gilbert, county health officer, tells vacationists and stay-at-homes alike that summer living can be enjoyable and hot weather "put up with" with adoption of a few simple rules, namely:

Not at Cost of Human Life
The State agency doesn't advocate endangering human life with meals (if not on salt-restricted diet); if going on a picnic avoid custard and cream filled pies and pastries, smoked hams, poultry, salad dressings and mixed sandwich fillings if not kept WELL REFRIGERATED, and take it easy and keep in the shade as much as possible.

Don't Dump Trash

The National Automobile Club asks motorists, campers and picnickers to avoid turning the beauties of wilderness areas into garbage dumps. Where trash receptacles are not handy the motor club advises smashing glass jars and bottles in bottom of a narrow hole and

covering over with dirt and leaves. Get rid of paper by burning it (carefully) in the camp fire. Cans should be burned clean in the fire, smashed and taken away from the site or buried.

The State of California Department of Fish and Game urges that vacationists give wildlife a "brake," pointing out that many game animals and birds could be saved each year if motorists would keep a sharp lookout for them and use their brakes to avoid hitting them.

Packing Your Car for a Vacation Trip? Leave plenty of room for courtesy and obedience to traffic rules and regulations for you will need them if you are going to return home safely."

It's safer and more enjoyable to drive within the law, pointing out that just a second's inattention or thoughtlessness may cause an accident, spoil a vacation and may bring death or serious injury.

Ticklers

WHEN EVERYBODY PROFITS USING OTHER PEOPLE

Postal Receipts For Quarter Lower Than Same Period In 1952

Postmaster Eddie D. Robertson has released the city's postal receipt figures for the month of June 1952, and for the second quarter of this year as of June 30.

Receipts for box rents, stamp sales and metered and non-metered mail for June of this year totaled \$5,839.49 as compared to \$7,537.76 for the same month last year. Receipts for the second quarter for 1952 total \$19,334.83 as compared to \$21,916.66 for the same quarter last year.

The decrease in receipts for the month just closed accounts for most of the drop in receipts for the entire quarter.

DON'T DRIVE AFTER DRINKING

The wise driver doesn't drive after drinking. It is known that even a small quantity of alcohol will impair his vision, judgment, and muscular efficiency, so he postpones his driving to some other time or makes arrangements to have others drive.

Chemical weed killers help clean old alfalfa land for planting new crops.

Storkland

A daughter, Lisa Ann, was born July 12 at St. Luke Hospital to Mr. and Mrs. William Spargur Jr. of 374 Cypress Ct. Lisa is the Spargurs' first child, and the first grandchild of Mr. and Mrs. William Spargur Sr., of 57 E. Sierra Madre Blvd., her paternal grandparents. Maternal grandparents are Mr. and Mrs. Louis Rondeau, 39 W. Carter.

Provocative Study of Girl Reviewed

THE YOUNG ELIZABETH
By Jeannette & Francis Letton
(Reviewed by Isabel Stradley)

The young Elizabeth, Henry VIII's daughter—and Anne Boleyn's—Elizabeth, the hope of England, quick-witted, quick-moving, her spirit as fiery as her flaming hair, yet guided by a prudence beyond her years and a loyalty that was proof against all assaults; even those of love.

This story of the young Elizabeth in the dangerous years between her father's death and her sister Mary's, is told with all the excitement of plot and counter plot, with the violence and intensity of a violent age.

Revel Personality

The authors, the Lettons, whose play about Elizabeth has been a long-run hit of the London stage, have re-created in this fresh and fast-paced novel the brilliance, vitality and conflict of an extraordinary time, as well as the personality of an extraordinary girl. We meet England—and Elizabeth — at a moment of crisis.

There are few more suspense-filled interludes in history than those years of Elizabeth's growing up. It is a provocative study, this picture of a high-spirited, intelligent girl of 15 who soon learns her very life-swing hinges on the frenzied ambitions and fancies of those around her.

Faced with Danger

The dangers that lie ahead for Elizabeth begin with the attraction that exists between her and Thomas Seymour, the man who marries Katherine Pharr, Henry's widow and Elizabeth's stepmother.

To win Elizabeth's heart was child's play for a man who had won so many.

In the end it cost Thomas Seymour his life, and it taught Elizabeth one of the lessons of her destiny; that her only weapons against plots and treacheries were to be her clever wit and facile mind. She had to learn that whatever the cost, her duty was to the throne, that she belonged not to herself but to England. She must learn to watch men die for her, to bear her sister's envy, even to endure the threat of death—and make no sign. She must learn to be Queen of England. This story of the learning is very readable and sympathetic, an interesting and moving book.

Congressman Edgar W. Hiestand Reports the WASHINGTON NEWS

Overtime Sessions

The House ran into overtime sessions debating and passing Reciprocal Trade Agreements, appropriations for Independent Offices, which included Atomic Energy Commission, the T.V.A. and Veterans Administration, and Veterans Administration, aggregating original requests for nearly 6.5 billion dollars against 8.6 billion dollars appropriated for 1953. We came out with a reduction of 3.3 billion dollars from 1953, and over 1.1 billion dollars reduction from 1954's request. That's over a thousand million dollars saved.

We raised the "Veterans Hospitalization, Medical and Domestically" item 6 million dollars more than even the VA had requested and about 32 million dollars more than the Bureau of the Budget had asked for.

We passed the Mutual Security Act, it being reduced from the Truman request of \$7.6 billion all the way down to \$4,998 million. More than 20 amendments, further cutting parts of it were defeated on the floor.

SORRACO-EIN WEDDING PERFORMED
BY FATHER STRANGE AT ST. RITA'S

Miss Eetla Ein, daughter of Mr. and Mrs. Ernest Heinrich Ein of Claremont, became the bride of Lionel John Soracco Jr., son of Mr and Mrs. Lionel John Soracco, 990 Hampton Rd., Arcadia, at a nuptial mass in St. Rita's Catholic church, July 11. Father Donald Strange of Our Lady of the Assumption church in Claremont read the service.

The bride was attired in a Priscilla of Boston style wedding gown fashioned of ivory silk taffeta with a venetian lace bodice and apron overskirt. Her illusion veil was held in place with a venetian lace cap. The bridal bouquet was a shower of lillies of the valley.

Attendents in Pastels

**Mrs. Ida Hopper Marks
Eighty-fifth Birthday**

Mrs. Harvey H. Steinberger, 48 S. Sunnyside, had a few members of her family and a close friend, as dinner guests July 12 to celebrate the 85th birthday of Mrs. Ida Hopper, 115 N. Baldwin.

Those attending the affair were Mrs. Hopper's daughter and son-in-law, Mr. and Mrs. W. E. Doty, former Sierra Madre residents, and their daughter, Mrs. Kenneth Bevan; the Bevan children, Barry and Marshall; Mrs. Steinberger's son and daughter-in-law, Mr. and Mrs. George Scott of Sierra Madre; and Miss Lulu Moore, of the Sierra Madre library.

Mrs. Hopper was born in Mendocino county, California, and has been a resident of Sierra Madre for the past 15 years.

**F. O. Horne To Make
Home In Dallas, Texas**

Mr. and Mrs. F. O. Horne, 251 Rancho Rd., and their children, Freddy 7, Patsy 6, and Richard 9 months, will leave July 20 to make their home in Dallas, Tex.

Mr. Horne has been made district sales manager of the southern section of his company and will make his home with his family in Dallas for an indefinite time.

He is the son of Mr. and Mrs. William O. Horne, 621 Alta Vista Dr., and has lived in Sierra Madre for the past three years.

**Mrs. Lola Ree Hull
Returns From East**

Mrs. Lola Ree Hull, 321 N. Adams, has recently returned from an extended trip through the northern and eastern states.

She was accompanied east by old friends, Mr. and Mrs. Rupert H. Bradburn of Pasadena and after seeing the Bradburns off to Europe, Mrs. Hull visited friends, Mr. and Mrs. William Piest in New York City; an aunt, Mrs. Elizabeth Green, and cousin, Mrs. R. D. Chase, in Washington, D. C.; a sister, Mrs. William T. Shillecox, in St. Paul, Minn.; a friend, Judge T. O. Hathcock, in Atlanta, Ga.; cousins, Mr. and Mrs. Ivan Rockwell, who own the Twin Oak Orchards in Mt. Vernon, Ohio; and friends, Mr. and Mrs. Neil Neiglick, in Chicago, Ill.

GOING TO EUROPE

R. J. Redford of 82½W. Alvaria will sail on the USS United States July 24, for Europe. Scheduled to arrive in Southampton July 29, he plans to visit relatives in England with trips to France and Switzerland, before returning to the states early in September.

Mr. Redford is vice-president of a plastic company in Chicago. The newly married couple will make their home in Ingleside, Ill., after a motor trip which will take them through San Francisco and Yellowstone National Park.

Mr. Redford is the son of Mr. and Mrs. William O. Redford, 621 Alta Vista Dr., and has lived in Sierra Madre for the past three years.

That increased activity and vigor result from an understanding of God as Life will be stressed in the Sunday Lesson-Sermon on "Life" in all Christian Science churches.

The Golden Text is from John (5:26): "As the Father hath life in himself; so hath he given to the Son to have life in himself."

A Bible citation from The Acts (9:36-40) tells that Dorcas, who "was full of good works . . . was sick, and died." And the disciples sent unto Peter "desiring him that he would not delay to come to them . . . When He came, they brought him into the upper chamber: . . . But Peter . . . kneeled down, and prayed; and turning him to the body said, Tabitha, arise. And she opened her eyes: and when she saw Peter, she sat up."

Mary Baker Eddy declares in "Science and Health with Key to the Scriptures": "Whatever is governed by God, is never for an instant deprived of the light and might of intelligence and Life." "With its divine proof, Science reverses the evidence of material sense." (p. 215.)

New Bible Translation For Navaho Indians

When the manuscript of the first complete New Testament in Navaho was handed to Dr. Eugene A. Nida of the American Bible Society at the Society's annual meeting in New York City, it was a dramatic moment—for here in embryo, was a book that would speak to thousands of American Indians, giving them a pattern by which they could shape their lives.

Astoria, located at the mouth of the Columbia River in Oregon, is reported to have been founded by an Astor fur trading party in 1811 and today to be an important port through which pass the products of vast flour mills, salmon fisheries, and packing plants.

It will be one of many volumes the Bible Society will publish in a foreign language.

Mental Health For Children

by ROY O. GILBERT, M.D.

Running throughout the realms of printed material on mental hygiene as it relates to child development is the philosophy of the golden rule from St. Matthew: "Therefore all things whatsoever ye would that men should do unto you, do ye even so to them, for this is the law."

If a parent values freedom himself, he should realize that a child also values it. Unnecessary do's and don't tend toward making a child irritable, unhappy, and bad tempered.

If a parent's self-confidence is augmented by having other people appreciate what he does well, the same thing no doubt applies to his child. A child should not be compared unfavorably with other children, or with his brothers and sisters. Each child has his own characteristics and rate of development and needs all the self-confidence that his parents can give him.

If a parent is made uncomfortable through fear of economic insecurity or numerous other threats to his existence, he should also appreciate the fact that it is extremely cruel to frighten a child with threats of bogey-men or policemen. A child cannot be shamed out of his fears because they are very real to him. A feeling of being loved, calm assurance and an explanation of why his fears are nameless is the best cure.

Children, and even infants, are extremely sensitive to mental attitudes of their parents.

Dr. Oliver E. Byrd, of Stanford University, states that parents are the first physicians of their children's minds. He summarizes findings made by the Children's Fund of Michigan as follows:

1. Be fair and honest; that is, if you expect your child to be the same.

2. Be good humored. There is no wildness in children that cannot be tamed by kindness.

3. Be patient. Giving ideas to children is like planting seeds—the harvest is delayed.

4. Learn to endure. No child is perfect, nor can he be made perfect. Why make your child's life miserable over something that cannot be remedied.

5. Be firm. It's the child's healthy nature to be extreme and violent. The only antidotes for extremity and violence are moderation and gentleness.

6. Be persistent. It is an acknowledged fact that repetition is the most effective tool used in the learning process.

7. Be sure your child remains in good physical health. Mental health is most readily achieved if physical health is good.

8. Set a good example. Continual family quarrels frighten and disturb a child. Every child needs understanding, self-confidence, recognition, and a certain amount of freedom to do what he wants to do. It is a mistake to frighten a child, or threaten him with dire consequences. He should not be subjected to unfavorable comparisons with other children. His problems are entitled to careful consideration and investigation, rather than punishment based on snap decision.

THE BOB JONES MUSICAL ENSEMBLE, pictured above, whose members represent five states of this country and Finland, will present a program of sacred music Sunday morning at 11 o'clock in Bethany Church. Vocal and instrumental selections will be included. Pictured are: back row, Paul Madson of California; Tom Taylor, Illinois; Roland Rankin, Pennsylvania; front row, Jimmie Woods, Alabama; Christa Berg, Finland, and Mrs. Rankin, New York.

Mrs. Hume Revives Conard Party Custom

Mrs. Edward Hume, 25 W. Mira Monte, entertained recently for members of the John Ruskin chapter, Daughters of the British Empire, in her new home built on what once were the tennis courts of the J. P. Conard estate.

The late Mrs. Conard is remembered by many old-time Sierra Madre residents for her hospitality and for her frequent all-day tennis parties, especially on the Fourth of July when as many as 60 guests would be entertained with tennis, music and supper in the large dining room.

Mrs. Hume, treasurer of the John Ruskin chapter, carried on the Conard tradition to some extent with her party which was for the benefit of the British Home here. The Ruskin chapter contributes to the support of the home. Mrs. Conard herself was an English woman.

Attending the recent dessert luncheon party from Sierra Madre were Mrs. Milo Murray and Mrs. Alice Sedgman, regent and vice-regent of the chapter; Mrs. Nellie Holloway, chairman of the Home gardens, Mrs. Maxfield, Miss J. Grantham.

A son, Robert, was born to Mr. and Mrs. Jean M. Jenkins, 1175 Coronet, July 6, at Huntington Memorial hospital and weighing 8 pounds, 1 ounce.

Mrs. Jenkins' mother, Mrs. Margaret Steffen, arrived from Hamilton, O., for a visit and to see the new baby.

Ralph C. Hurns Host Eastern Houseguests

Mr. and Mrs. Ralph C. Hurn, 1195 Michillinda, and their small son, Jeff, have been playing host to Mrs. Hurn's cousin, Dee Kras, and an old school chum of both girls, Lois Urban.

The visitors are from Detroit, Mich., and have made their visit in the Ranch prior to going to Honolulu for an indefinite stay.

DR. LOUIS JACQUES, L. A. optometrist — "I believe optometry is the cleanest, sweetest and most wonderful profession in the world. We deal with pure crystal and gold."

Those in the ranch who took part were: Kathy Lewis, Diane Davis, Sheila Peters, Barby Bohman, Corin Brumfield, Pam Beattie, Susan Horne, and Kay Davis. Mrs. Eugene W. Lewis, 3875 Mayfair Road, was one of the leaders of the group.

Mrs. Frank J. Williams Spends Week at Balboa

Mrs. Frank J. Williams, 1185 Rexford, and her two daughters, Diana and Sharon, have spent the past week at Balboa Island.

While on the island they were guests of Mrs. Williams' sister, Mrs. Harriett Dunning, at the family summer home.

Vacationing . . .

The Emil Barlow family, 3735 Canfield Rd., enjoyed a week's vacation recently at Lake Tahoe.

Ann Werbelow, daughter of Mr. and Mrs. Allen F. Werbelow, 3730 Canfield Rd., is back from a week of fun at Big Bear Lake, while her brother John joined his friends in activities at the Y Camp at Bluff Lake nearby.

The Fred T. Peterson family, 755 Rim Rd., spent a recent

Harold Sweets Give Neighborhood Party

Mr. and Mrs. Harold Sweet, 610 Rim Road, entertained a group of neighbors in their home the day after the Fourth for a swimming party and a patio supper. The guests of about 20 were those who, like the Sweets, were not anxious to fight the holiday traffic and crowds in resorts but preferred the quiet atmosphere of their ranch neighborhood.

Mrs. Gordon S. Templar Returns from Lido Isle

Mrs. Gordon S. Templar, 1220 Tropical, and daughter, Gale, have recently returned from a stay at Lido Isle.

While in the Newport area they were the guests of the Bill Sterns of South Pasadena.

For Outdoor Entertaining— Fried Chicken Ranchero!

What could be more downright mouth-watering than this colorful platter of golden-fried chicken, served with fluffy rice and bubbling-hot curry sauce? One whiff of its tantalizing aroma and guests will come running to porch, patio or terrace—wherever your outdoor table is set.

The crisp-coated, succulent chicken is fried in Spray and the recipe for the delightfully seasoned curry sauce was just developed in the Test Kitchens at Lever House.

Fried Chicken Ranchero

1/2 cup flour	2 cups pared, chopped apples
2 teaspoons salt	1/3 cup chopped onions
1 teaspoon curry powder	1/2 cup grated fresh coconut
1/2 teaspoon paprika	or chopped moist, shredded coconut
1/4 teaspoon pepper	2 cups water
1/4 teaspoon ginger	1/2 cup milk
3-pound frying chicken,	3 cups cooked rice
cut in serving pieces	(1 cup raw)
1/2 cup Spray	

Put first 6 ingredients in paper bag. . . . Put 2 pieces of chicken at a time in paper bag and shake to coat evenly. . . . Heat Spray in skillet. Place chicken in hot fat and fry until golden-brown on all sides. Cover and cook over low heat until tender (about 30 minutes). . . . Remove chicken to hot platter and make curry sauce as follows: Add apples, onions, and coconut to remaining fat in the skillet. Fry, stirring occasionally until onions become transparent. . . . Add remaining seasoned flour and blend. . . . Stir in water and milk gradually. Cook until thickened, stirring constantly. . . . Serve with hot rice. Garnish with perky clusters of parsley. . . . Makes 4-6 servings.

Gilmores Visited By Daughter's Family

Mr. and Mrs. Homer M. Gilmore, 785 Calderwood Lane, have been enjoying a visit this summer from their daughter, son-in-law, and grandchildren, the Art Johnson family from Pixley, Tulare County.

Mr. Johnson is attending Summer Session at the University of Southern California, and during the six weeks' course, the Johnsons are visiting in the Ranch. Previously with the Arcadia City schools, Mr. Johnson is now vice-principal of the school in Pixley.

The Johnson's children, Buzz, Jimmy, and Faye Ann are very much enjoying the visit with their grandparents not to mention the Gilmore's pleasure of having their grandchildren with them.

Egyptian Consults L. A. Experts on SMOG CONTROL

Local citizens who complain that they cannot see the Southern California mountains due to smog may derive some comfort from the fact that the Egyptians are concerned that intense air pollution may soon cut off their view of the pyramids. That was the impression left by Mohammed Rashad Serry, director of the Department of Permits in the Ministry of Public Health, Cairo, Egypt, who sought the aid of County Air Pollution Control District Director Gordon P. Larson recently.

The Egyptian Ministry of Public Health is concerned that its country's industrial expansion will bring about air pollution there in the same manner as Los Angeles County's expansion brought smog here.

"I was advised at the University of Michigan to visit the Los Angeles smog organization if I wish to obtain the latest and most complete air pollution control data," Serry stated. He picked up a master's degree at that university while in this country.

**THREATENING CONFLICTS
SAVED CHURCH**

The Christian Church might have been snuffed out in its infancy except for the conflicts which threatened it. In the process of overcoming these, the Christian movement greatly revived. Within 150 years after the Crucifixion the early Church faced the Gnostic and Marcionite heresies and had to demonstrate its authority or perish. As a result, it selected the four Gospels, the Acts of the Apostles, and the other books of the New Testament to present its faith. This threat of destruction brought forth the stirring doctrine of grace in Galatians and the doctrine of love in the 13th Chapter of First Corinthians. The Apostle Paul, envisioning this impending conflict, devoted his talented, creative impulses to turn the worst into the best.—Dr. J. Richard Sneed, First Methodist Church, Los Angeles.

**LIMIT CAMP PERIODS
AT STATE PARKS**

"Because of the increasing demand for limited facilities, 10 and 15 day camping limit periods will be continued this year for certain especially crowded state parks," Newton B. Drury, chief of the Division of Beaches and Parks, states.

All state parks except those noted below will have the regular 30 day limit for the year or season.

Ten day camping limit to Sept. 30:

Tahoe, Placer Co.; D. L. Bliss, El Dorado Co.; Armstrong Redwoods, Sonoma Co.; Sealiff and New Brighton Beaches, Santa Cruz Co.; Carpinteria Beach, Santa Barbara Co.; Doheny and San Clemente Beaches, Orange Co.; Big Sur, Monterey Co.; Morro Bay, San Luis Obispo Co.; Pismo Beach, San Luis Obispo Co.

Fifteen day camping limit, same period:

Donner Memorial, Nevada Co.; Calaveras, Big Trees, Calaveras Co.; Turlock Lake, Stanislaus Co.; Castle Crags, Shasta Co.; McArthur-Burney Falls Memorial, Shasta Co.; MacKerricher Beach, Mendocino Co.; Russian Gulch, Mendocino Co.; Sonoma Coast, Sonoma Co.; Van Damme Beach, Mendocino Co.; Samuel P. Taylor, Marin Co.; Portola, San Mateo Co.; Big Basin Redwoods, Santa Cruz Co.; Sunset Beach, Santa Cruz Co.; Edward R. Hickey, Mendocino Co.; Stephens Grove, Humboldt Co.; Williams Grove, Humboldt Co.; Burlington Campground, Humboldt Co.; Grizzly Creek Redwoods, Humboldt Co.; Patrick's Point, Humboldt Co.; Prairie Creek Redwoods, Humboldt Co.; Jedediah Smith Redwoods, Del Norte Co.; Richardson Grove, Humboldt Co.

SHOCK ABSORBER CARE

Shock absorbers may be automatic, but not to the point of replenishing themselves as to the fluid that is needed periodically. Riding comfort and prevention of shock absorber wear are both dependent upon the motorist's remembering that he still has the job of attending to the liquid in the spring control devices.

Well, all the entries are in, and I would like to express my thanks to the people who entered and want to wish them the best of luck.

Last week we received a very nice letter from a boy who attends Oxy College. It reads as follows:

"Dear Bob:
Just a line to let you know that I enjoy reading your very interesting column in the Sierra Madre News. I speak for the rest of the Oxy track team in wishing you the best of luck always.

Sincerely,
JON SPEER,
Oxy Track Team.

"(P.S.)—SC will be too much for UCLA. Wait and see!"

Jon is speaking of the SC-UCLA football game to which the winner of the contest will receive tickets. We appreciate that very much. Thanks a lot, Jon.

In the August edition of the Sport magazine you'll find an interesting article written by Rube Samuelsen, a Pasadena sports editor, on what everybody is talking about here on the coast. It's called "IS THE COAST LOSING OUT ON BIG-LEAGUE BASEBALL?" Part of the article reads as follows:

"Big-league operators shrug off the 'open' classification as malarkey but the no-option rule hit 'em where they lived. The Coast league is digging its own grave," said Pittsburgh's Branch Rickey, acidly."

One of the statements by Branch Rickey that I thought very, very wrong was: "They haven't been able to compete with the majors in signing young players before so is it reasonable to believe they will be in the future? They won't even be a good Class B league by 1954." (Don't mind me saying so, but that is a lot of "bull")!

Since many of us can't afford to go to Coast league game every week, they have a Muni Owl league in Pasadena where teams like the Auto Dealers, Mirror Glaze, Pasadena Fire Department, Laborers, Larry's, and Wickland play every Monday, Tuesday, and Wednesday nights. They play a great game of over-hand softball. Naturally, there is no admission, you just go over there and enjoy a fine evening of baseball. Keep your eyes on the daily papers for the schedule of games. You'll be surprised when you see how well they play.

Scanning the Big Leagues: If you're thinking of seeing a movie but would like to know how good it is first, look up the Red's Rocky Bridges. He's the champion movie-goer of the major leagues. His record: three in one day! . . . Of Cleveland's "Big Three"—Mike Garcia, Early Wynn, and Bob Lemon—Garcia is said to own the poorest curve . . . Veteran Eddie Joost of the Athletics, it is claimed, has no peer at breaking up double plays . . . Hoot Evers of the Red Sox commands most respect as the league's top hit-and-run man.

They won't even be a good Class B league by 1954." (Don't mind me saying so, but that is a lot of "bull")!

Since many of us can't afford to go to Coast league game every week, they have a Muni Owl league in Pasadena where teams like the Auto Dealers, Mirror Glaze, Pasadena Fire Department, Laborers, Larry's, and Wickland play every Monday, Tuesday, and Wednesday nights. They play a great game of over-hand softball. Naturally, there is no admission, you just go over there and enjoy a fine evening of baseball. Keep your eyes on the daily papers for the schedule of games. You'll be surprised when you see how well they play.

Scanning the Big Leagues: If you're thinking of seeing a movie but would like to know how good it is first, look up the Red's Rocky Bridges. He's the champion movie-goer of the major leagues. His record: three in one day! . . . Of Cleveland's "Big Three"—Mike Garcia, Early Wynn, and Bob Lemon—Garcia is said to own the poorest curve . . . Veteran Eddie Joost of the Athletics, it is claimed, has no peer at breaking up double plays . . . Hoot Evers of the Red Sox commands most respect as the league's top hit-and-run man.

**Log Shows
Police Don't Lack Variety**

Sierra Madre police during a recent seven-day period investigated two accidents involving motorists and boys on bicycles, looked into reports of fireworks violations, hurried a near-drowned child to Groth Hospital and booked a local juvenile with a police record on a drunkenness charge.

They also impounded some old cars abandoned on Canyon Crest Dr. and responded to the usual calls about barking dogs.

Saved from Drowning

The near drowning occurred Monday at the swimming pool of the Cornelius J. Willis home, 1 E. Carter, when a guest, Mrs. Richard Nevins of Pasadena applied artificial respiration to her 2-year-old son, Henry, after finding his face down in the pool. Police officers J. Heasley, R. A. Heasley and J. McDonough responded immediately to Mrs. Willis' call for the rescuer but found the child conscious after Mrs. Nevins' treatment. Dr. George Groth pronounced the child safe.

The bicycle-automobile mishaps occurred July 1 and 2 at 41 N. Baldwin and at the Sierra Madre Blvd.-Lime St. intersection, respectively.

Bikes Damaged

Involved in the first accident were Edwin Civerolla, age 13, 3820 Landfair Rd., and Charles D. Wailes of 500 N. Michillinda. Civerolla said he couldn't stop in time when the motorist turned into a parking space on N. Baldwin. He received skin abrasions and his bike was damaged.

On July 2 Sarah Katherine Napier, of Arcadia, motorist, had proceeded across the boulevard and Lima St. intersection after making the boulevard stop. Richard Vis, age 9, of 32 Park Ave., had turned off the sidewalk onto the crosswalk and the car and bike collided. The boy was unhurt but his bike was damaged.

On July 5 the manager of the Canyon swimming pool reported to police that a youth was lying back of the pool garage, either sick or injured. Police Officer T. O. Harte aroused the boy, found that he had been drinking and booked him at the station. He has a police record. He was released later the same day to the custody of his parents.

No July 4th Mishaps

There were no July 4th accidents but police received reports of fireworks being discharged in the vicinity of W. Alegria, the north end of Michillinda and at San Gabriel Ct. Investigation revealed no offenders at the W. Alegria and San Gabriel Ct. addresses. On N. Michillinda they found a ground of Pasadena teenage boys, one with firecrackers in his possession. The boys were taken to the police station.

Los Angeles police earlier this week asked Chief Gordon G. McMillan to serve a warrant for the arrest of Richard E. Bishop, 341 Sturtevant, for failure to appear in the Los Angeles Traffic Court.

The cars impounded and taken to the city yards were abandoned on Canyon Dr. by Herbert E. Herren of Pasadena, formerly of 711 Canyon Crest Drive.

ILLINOIS STATE REUNION

The Illinois State Society will hold a reunion of all former residents of the Prairie State on Sunday, July 26, in Sycamore Grove Park, Los Angeles. A program will start at 2 p.m.

Now you Know!

The answers to everyday
insurance problems*
By HARRY A. LANGE

QUESTION: Our neighbors had a fire in their kitchen and the wallpaper in their dining room was ruined by grease and smoke. They told me the insurance company paid them less than the cost of repairing and cleaning. Why should this be?

ANSWER: We don't know about that particular case but it would be considered fair for an insurance company to settle on a "mileage" basis. In other words, if the paper had been on the walls for, say, five years, your neighbors had already received some use and wear from it. No doubt the Insurance Company allowed something for wear and paid the balance in agreement on a fair settlement.

Acne Afflicts Many From Ages 9 To 32

ROY O. GILBERT, M.D.
Los Angeles County Health Officer

At an age when internal disorders are at a minimum and life stretches hopefully into a seemingly limitless future, acne vulgaris, or in common language pimplies, afflicts a goodly portion of the human race between the ages of 9 to 32.

While acne is a disease that has never killed anyone, it causes as much mental suffering and unhappiness as far more serious things. An affliction that can be cleared up, or greatly improved, by a simple program of meticulous cleanliness and careful dieting, it may, when severe enough, permanently scar the face and warp the personality.

Acne is particularly trying because it is a skin disease that generally appears on the face and occurs more frequently during the adolescent years than at any other time of life—a period when the individual is most sensitive to his appearance. It disappears with middle age but is then comfort indeed to the youngster who is daily suffering the agonies of self-consciousness.

Some authorities feel that bacteria is the primary cause of acne, but constitutional make-up also has much to do with this condition for the germ never flourishes unless given the proper soil in the form of an exceedingly oily skin.

It is a pity, in case of this sort, that man does not have the reptilian characteristic of shedding his outer coating. Many are the people who would be overjoyed if they could but do so.

Treatment, more than usual.

HOT ENGINE CAN STOP YOU COLD!

The highest compliment—

"Rides like a Packard"

You can make no more flattering statement about any car than that it "Rides like a Packard." But, the simple truth is this: NO OTHER CAR DOES RIDE LIKE A PACKARD!

CLIFFORD T. NUTT

245 W. FOOTHILL BLVD. ELLIOTT 8-2559 MONROVIA, CALIF.

The SNAPSHOT GUILD

Baby at play is always good for a snapshot that will brighten his own album.

Baby Always Steals the Scene

NO MATTER how many other people are around, chances are the family camera is going to be centered on baby. Babies are champion scene stealers.

That's the reason I think they need a special picture album all their own. Then they can have the limelight all to themselves and the adult members of the family won't have to suffer from the competition. They can carry on in another album.

The best recipe I can give for a really topnotch baby picture book—is to take pictures regularly and take a lot of them. Baby days are short at best, but there is so much that's worth remembering crammed into a few months that practically every baby does is picture material.

If you do take baby doing things, you are almost certain to have good pictures. The action involved tells the story and baby will be at his best. In your album you'll want the special pictures, taken on the important days. Baby dressed for christening . . . baby at Christmas . . . baby with his Easter Bunny . . . baby's first birthday. But don't.

—John Van Guilder

is over and several times during the day.

6. Never scratch the face or squeeze the pimples and do not rest the face on the hands since all of these things spread the infection.

7. Research has disclosed that fresh outcroppings of blemishes make their appearance with emotional upsets so, whenever possible, try to avoid them.

When the skin infection is particularly bad, it is advisable to seek medical advice. Effective new medications are now used for the treatment of acne, which, when combined with simple rules of health and cleanliness, frequently cure the most stubborn cases.

A detailed list of directions on the care of acne will be mailed to anyone who sends a card of request to the Los Angeles County Health Department, 241 N. Figueroa St., Los Angeles 12.

4. Shaving, an irritating process for those persons with severe acne, can be made less so by the use of an electric razor.

5. If employment involves work with greasy substances, scrub very carefully after work

WCTU Asks Public To Event July 23

Sierra Madre's Harter chapter, Women's Christian Temperance Union, has completed plans for a visual educational and entertainment program to be presented for the general public at 8 p.m. July 23 in the City school auditorium.

Featured will be songs and guitar numbers by Redd Harper, Texan, a movie, TV, radio and recording artist, and the showing of several films dealing with narcotics.

Speakers will be Rowena Roberts of Los Angeles, acting state WCTU president, and David Hays of Los Angeles, president of the County Youth Temperance council.

Walter R. Webb of Sierra Madre, army camp and radio entertainer, will be master of

ceremonies.

Young people of Sierra Madre will usher. There will be no admission charge.

TAFFY TUTTLE, Hollywood radio and TV actress—"when a girl strokes a man's forehead, you can bet she's after his scalp."
